PROFESSIONAL SUMMARY

Innovative and detail-oriented individual with experience in database systems, Python, PHP, and full-stack web development using Angular. Skilled in building secure, data-driven applications with MySQL and backend technologies. Passionate about leveraging technology and analytics to improve productivity, streamline operations, and deliver effective digital solutions.

PROJECTS

Teacher Evaluation System   *https://github.com/DevRaizen/evaluation*

- Developed a full-stack web application enabling students and administrators to evaluate and manage teacher performance.
- Implemented Natural Language Processing (NLP) to analyze student feedback for meaningful insights.
- Provided structured questionnaires and interactive dashboards to support data-driven decision-making.
- Built using Angular, PHP, Python, and MySQL

MayWeather   *https://github.com/DevRaizen/weatherApp*

- Developed a mobile application that provides users with real-time weather updates and forecasts.
- Integrated location services to deliver accurate, location-based weather information.
- Implemented dynamic weather data updates and a user-friendly interface for a seamless experience.
- Built using Ionic Framework, Angular, TypeScript, and RESTful APIs

Apartment Management System   *https://github.com/DevRaizen/HouseManagementSystem*

- Developed a desktop application to help landlords manage tenants, rooms, and payments efficiently.
- Implemented QR code generation using ZXing after each payment, a QR code is generated that displays the payment Information when scanned.
- Built a user-friendly interface with JavaFX for smooth navigation and data management.
- Developed using Java, JavaFX, ZXing, and MySQL for secure and reliable functionality.

EDUCATION

Nueva Ecija University of Science and Technology
Bachelor of Science in Information Technology
Major in Database System Technology
2022 – Present

General Mamerto Natividad National Senior High School
Strand: Technical-Vocational-Livelihood - Information and Communications Technology
2020-2022

Mataas na Kahoy National High School
2016-2020

ADDITIONAL INFORMATION

Technical Skills

- **Front End:** React, Angular
- **Backend:** Node.js, Flask, PHP, C++, Java
- **Database:** MongoDB, MySQL, Supabase
- **Other Tools & Technology:** Git/GitHub, Tailwind, DaisyUI

Soft Skills

- Strong attention to detail and accuracy
- Analytical and problem-solving mindset
- Effective communicator and team collaborator
- Adaptable and eager to learn
